## Hello Everyone

What a busy time of year this is! Lots going on, gardens to visit and everything coming into full bloom. It's my favourite time of year.

The Plant Fair was a great success. The weather was perfect and there was no royal wedding to rival us this year! We had a steady flow of people buying throughout the morning. I personally want to thank Jenny Spenser and Juanita Woods for organising and running this event and everyone who provided plants and staffed the stall. Marcus, one of the traders, sorted the signage, which was excellent this year and I am sure brought more people in. I had no part in it, apart from selling plants on the Green on the day.

Our trip to Dorset was fabulous; a big thank you to Iris for suggesting and organising this. Holme Gardens had relaxed informal planting and we were all mesmerised by the poppy fields. The second garden, Anderson Manor, was an even greater pleasure. Not open to the general public anymore, it is an Elizabethan Manor House with the most sumptuous roses, equal to any I have seen at Mottisfont. Their gardener, who helps two days a week, used to work at Hampton Court. All the roses were varieties which were growing pre-1912, so they were all "old" roses with the most delicious scents. (Photos overleaf.)

To top it off, we were blessed with the weather which stayed dry. It would have been a very different experience had we gone the day after ..... when it rained all day!

## Plant Fair – Saturday 18<sup>th</sup> May

Due to the excellent plants, enthusiastic and knowledgeable helpers and good weather we made a fabulous £1835.00 - a record and almost £300 more than previous years. The Club's own stall took £990, again a record! Well done everyone. The amount will be split between the two chosen charities – Milford's Community Library and the Bumble Bee Trust.

There were 6 plants left on the village green - all look as if they were from a commercial nursery. They are at Jenny's house being looked after. She'll bring them to the next meeting and you can claim them if they are yours.

## Outing to Dorset – 6th June

45 members had a very enjoyable coach trip to two gardens near Wareham on 6th June and we were lucky to have a very sunny and warm day. The first garden was Holme and had a garden centre and restaurant, so we enjoyed the lovely gardens and had lunch there. Then we went on to Anderson Manor, a 3-acre garden round an Elizabethan/Jacobean mansion. The gardens were stunning with roses, topiary, herbaceous borders and a wonderful parterre. Tea was provided on the bowling green and the owners and their gardener were there to give us the history of their restoration of the garden over 40 years of ownership. A wonderful day out.
