

# Milford Gardeners' Club Newsletter

## Hello everyone

It's only 2 weeks until the clocks change! I can't wait, I'm hoping it will give me a real sense that we are moving forwards.

The AGM on Zoom went really well. That was a first for me but I still have to say I don't care much for it, although it was lovely to see familiar faces and we had enough people to be able to pass all the motions. All the details are on the [website](#) if you are interested. We still have a vacancy on the committee so if you fancy joining us, get in touch, we need some young blood!

I'm sorry to have to tell you that the Plant Fair will not go ahead this year. The planned date fell in the period before the lockdown is due to ease and things were too uncertain to consider a date later in the summer. We will be looking to pull out all the stops for next year, the green is booked! But please, don't let this stop you growing and potting up plants for sale this year. The committee has been considering where we could have a members-only plant sale. If anyone has, or knows of, a spacious garden we could use, please get in touch with me. We will endeavour to do some kind of plant sale/ swap.

Lastly, something to give a bit of cheer. We are still hoping to do the out evening in July, to Shallowmead Nursery in Lymington. Last year, Jenny asked if they would transfer the booking to 2021, little guessing at the time that the Covid situation would still be ongoing. What we need to know from you is whether you would still be interested in going if it can be arranged within safe guidelines. Please use this [link](#) to answer a yes/no survey and depending on interest, Jenny will find out more about what Shallowmead is able to offer on that evening.

There is also the possibility of a trip to the Wisley Garden Flower Show on either Wednesday 8th or Thursday 9th September. Please indicate if you would be interested on the survey form. If you are unable to open the survey, please just email your answer.

In the meantime, don't overdo the gardening just because the days are getting longer! It's so easy to do that isn't it? Next time I write, we should be starting to see tulips coming out, I am so looking forward to that.

Stay safe

*Sue Crabb – Chair*
